

ST VINCENT PLACE

Seven exclusive studio and one bedroom apartments
in the heart of Edinburgh's New Town

When Quality Matters

St Vincent Place is a multi-award-winning development, launched in 2006. It was constructed on the last original gap site in Edinburgh's New Town and, along with its sister block on the south side of the street, is now an established cornerstone of this historic world-renowned area. Twelve years on, the final seven apartments - six studio apartments and a single one bedroom home - have been released, finally completing the New Town vision.

Conveniently located between Stockbridge, Canonmills and the city centre, St Vincent Place is the ideal location from which to experience Edinburgh life. The seven apartments offer contemporary style, with designer fitted kitchens and beautifully detailed shower rooms and bathrooms. All of the apartments benefit from separate private storerooms, whilst apartments 5A/2 to 5A/5 also have fully glazed doors opening out onto a large patio area.

ST VINCENT PLACE
